

Feature List of DWG2000D-32G

Specifications	DWG2000D-32G	
General Information		
Wireless port	32*GSM	
Storage temperature	-20~70°C	
Working temperature	0~40°C	
Working humidity	10%~90%	
Power specification	AC100-240V~50/60HZ 1.5AMAX	
Max power (w)	80W	
Dimension(mm)	440*330*66	
Weight(kg)	6.4	
Mobile		
Frequency range	GSM 850/900/1800/1900MHZ	
SMS	Mass SMS , send & receive, provide API interface	
Talk time limit	Support	
Balance alarm	Support	
polarity reversal	Support	
CLIR	Support	
Lock card	option	
PIN manage	Support	
USSD	Support	
Select SP	Support	
BCCH	Support	
Routing & Number manipulation		
Route calls before Manipulation	Support	
Route calls after Manipulation	Support	
IP->TEL Routing	Support	
TEL->IP Routing	Support	
Add/modify/delete routing	Support	
IP->TEL destination Number manipulation	Support	
Tel->IP source Number manipulation	Support	
Tel->IP destination Number manipulation	Support	
Operation		
IP->TEL operational control	Support	
Tel->IP operational control	Support	
Autodial &Auto password authentication	Support	
IP Trunk		
Add /modify/delete IP trunk	Support	
IP Trunk Group	Support	
System		
NTP	Support	
Slience Suppression	Support	
Voice Codec	G.711A, G.711U, G.723 and G.729	
One Stage Dialing	Support	
Redirect	Support
